

## FRANCES LANKIN'S REFLECTIONS

IN THIS VIDEO, "REFLECTIONS FROM THE RETIRING EXECUTIVE DIRECTOR OF the Toronto United Way," Frances Lankin discusses the need to pull voices from different communities together to collectively work toward sustainable change. She addresses some of the major challenges facing communities: poverty and engaging youth.

Lankin feels that the required changes need social innovation and that working collectively will bring about successful community outcomes. Her view is that the untapped talent and resources are already in place.
